

# Gift in your Will

Have you considered leaving a legacy in your Will?

The Windmill at Windmill Hill is a Grade II\* listed building, the landmark of the village, the second tallest post mill in the country and the only one of its type remaining in East Sussex. It is in the care of Windmill Hill Windmill Trust as a Registered Charity and it totally relies on donations of over £6,000 per year which is needed to keep it running. It is currently still under restoration as it is hoped to return it to full working order in the future. We have to raise extra funds to help us do this and also to keep it safe for generations to come. The Windmill at Windmill Hill would welcome any gift in your Will you feel you could make.

If you require further information in helping you to make a decision, please complete the form below and return it to us. Any information you provide will be kept strictly confidential and is given without any obligation.

Name: \_\_\_\_\_
